Samuel Charo MWENI
652 Kennebec Avenue
Takoma Park, MD 20912

Reference#: 6491081/NP

World Education Services is pleased to provide you with the enclosed credential evaluation report (Reference No. 6491081).

A WES evaluation report reflects our expertise in international education systems and our best judgment of your academic qualifications. WES evaluates formal academic qualifications (degrees, diplomas, certificates and transcripts) awarded by secondary and post-secondary institutions. WES does not evaluate trade, occupational or industrial qualifications therefore they are not included in our evaluation reports.

Please send your questions to customer services at wes.org/contact-us. All inquiries must be submitted in writing. To protect your privacy, World Education Services staff is not authorized to discuss evaluations over the telephone.

Sincerely,
World Education Services

WORLD EDUCATION SERVICES (WES) EVALUATION TERMS

Evaluation Scope: World Education Services (WES) evaluates formal educational credentials. WES does not evaluate trade, occupational, or professional experience. WES evaluations are based upon the best information and resources available to professional evaluators. WES evaluations are offered as non-binding advisory opinions.

Accredited Institution or Program: The status of a nationally recognized institution or program in another country is comparable to that of a regionally accredited institution in the United States.

Credential Authentication: Evaluations prepared by WES specify the manner in which each document was authenticated. The WES method used to authenticate academic documents depends on what is appropriate for the specific country and level of education. WES authenticates academic documents using one of the following methods:

- We require that official transcripts be sent to WES directly by the issuing institutions or examination bodies.
OR
- We require that relevant government authorities (for example, Ministry of Education) authenticate official transcripts and send them directly to WES.
OR
- We send documents submitted by individuals back to the issuing institution/examination bodies for verification and obtaining a written confirmation of authenticity.

Detailed document requirements can be viewed at wes.org/required.

Grades/Quality Points: WES uses an alphabetic system to identify grades. The standard WES conversion of letter grades into a numerical scale/quality points is as follows: A = 4.00; A- = 3.67; B+ = 3.33; B = 3.00; B- = 2.67; C+ = 2.33; C = 2.00; C- = 1.67; D+ = 1.33; D = 1.00; D- = .67; F = 0; F* = (see below); R* = (see below).

- “F*” indicates a course that was failed initially, but passed on a subsequent attempt. It is not included in the GPA calculation.
- “R*” indicates a course that was passed initially, but was retaken for grade improvement. It is not included in the GPA calculation.
- “Pass” is not included in the cumulative GPA. For study completed at the undergraduate level, it corresponds to at least a “C” in the United States. For graduate and professional study, “Pass” corresponds to at least a “B.”

Grade Point Average (GPA) is calculated by multiplying the number of course credits for each course by the quality points for the grade received in that course. The calculation is repeated for each course. The total of the credit hour quality points are then divided by the total number of course credits.

Course Level Designation: The designation “U” (upper) or “L” (lower) for a course at the undergraduate level is an indication of its level.

Credit Recognition and Transfer: The Course-by-Course analysis represents a breakdown of post-secondary study in terms of U.S. semester credit and grade equivalents. The number of credits accepted for transfer to a degree program or towards a professional license in the U.S. may vary from those listed in this report in accordance with the policies of the receiving educational institution or professional licensing body.

Evaluations for Professional Licensing/Certification: Only authorities qualified in the profession can determine whether an individual meets the requirements for licensing or to practice the profession in the U.S.

U.S. EQUIVALENCY SUMMARY

Bachelor's degree from a regionally accredited institution

CREDENTIAL ANALYSIS

- | | |
|-----------------------------------|---|
| Name on Credential: | MWENI, Samuel Charo |
| Credential Authentication: | <i>Documents were verified by the institution</i> |
| Country or Territory: | Kenya |
| Credential: | Bachelor of Science |
| Year: | 2019 |
| Awarded By: | Technical University of Mombasa |
| Status: | Accredited Institution |
| Admission Requirements: | Kenya Certificate of Secondary Education |
| Length of Program: | Four years |
| Major: | Statistics and Computer Science |
| U.S. Equivalency: | Bachelor's degree |

Founded In 1974

INSTRUCTIONS FOR USING THIS REPORT: An explanation of the terms used in this report can be found on the reverse side. This report is valid only when printed on watermarked paper and sealed with an official WES stamp on each page.

INSTITUTIONS - DATES - SUBJECTS

**U.S.
Semester
Credits** **U.S.
Grades**

Technical University of Mombasa 2015-2016

(L) Fundamentals of Inorganic Chemistry	2.0	B+
(L) Algebra	2.0	B+
(L) Geometry	2.0	A
(L) HIV/AIDS Awareness and Management	2.0	B+
(L) Physics I	2.0	A
(L) Communication Skills	2.0	A
(L) Introduction to Computer Technology	2.0	B+
(L) Structured Programming	2.0	B
(L) Calculus I	2.0	B+
(L) Environmental Studies	2.0	B+
(L) Probability and Statistics I	2.0	B+
(L) Discrete Mathematics I	2.0	B
(L) Physics II	2.0	C
(L) Operating System	2.0	A
(L) Object Oriented Programming I	2.0	B+

2016-2017

(L) Algebraic Structures	2.0	A
(L) Calculus II	2.0	B+
(L) General Economics	2.0	A
(L) Probability and Statistics II	2.0	A
(L) Object Oriented Programming II	2.0	A
(L) Windows Desktop Application Programming	2.0	B+
(L) Database Systems	2.0	B+
(L) Linear Algebra I	2.0	B+
(L) Vector Analysis	2.0	B+
(L) Ordinary Differential Equations	2.0	A
(L) Computer Graphics	2.0	A
(L) Digital Electronics	2.0	B+
(L) Data Structure and Algorithm	2.0	A
(L) Calculus III	2.0	A
(L) System Analysis and Design	2.0	B
(U) Linear Algebra II	2.0	B
